

DIRECTOR'S Café

Tuition, Supplies & Staffing, Oh My!

Being a director is hard. You take care of the children, their families, and your staff. But, who takes care of you? Come join other child care administrators for a networking opportunity that is sure to help.

The purpose of the Director's Café and Administrator Circle is to offer child care directors an opportunity to network, and provide training that meets their specific needs. These interactive sessions will provide opportunities to network, share strategies, ideas, and resources with your peers, while receiving in-service training. Space is limited and registration is required. We look forward to seeing you!

The Director Café and Administrator Circle is open to **ALL Directors, Administrators and Owners in Pinellas County.**
