

We Wear Masks at School!

Created by: The Early Learning Coalition of Pinellas, Screening and Intervention Department

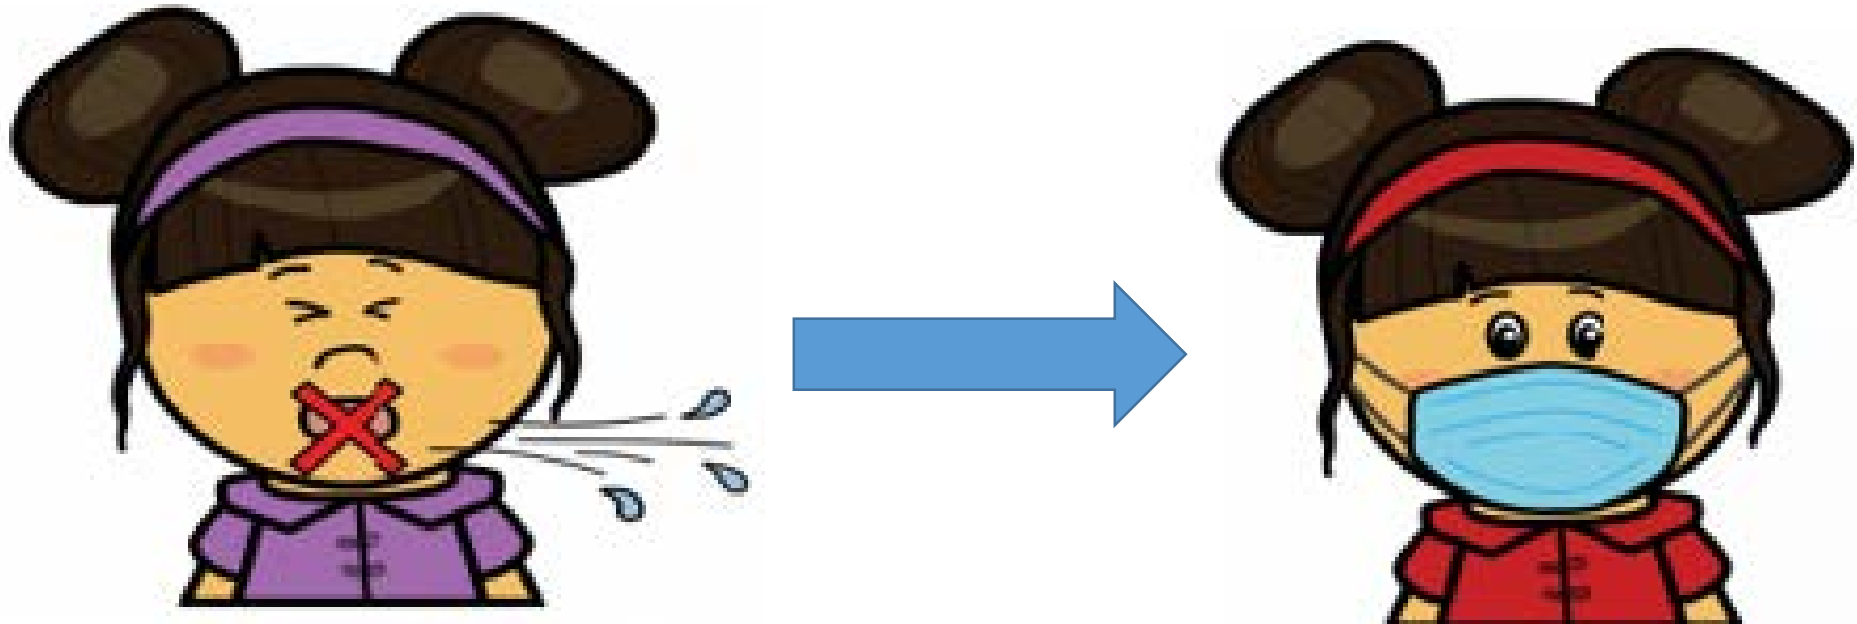

At my school adults and big kids need to wear face masks now to stay safe.

My baby sister cannot wear a mask because she is too little and it is not safe.

When I wear my mask, it helps prevent spreading germs to my friends and people I love.

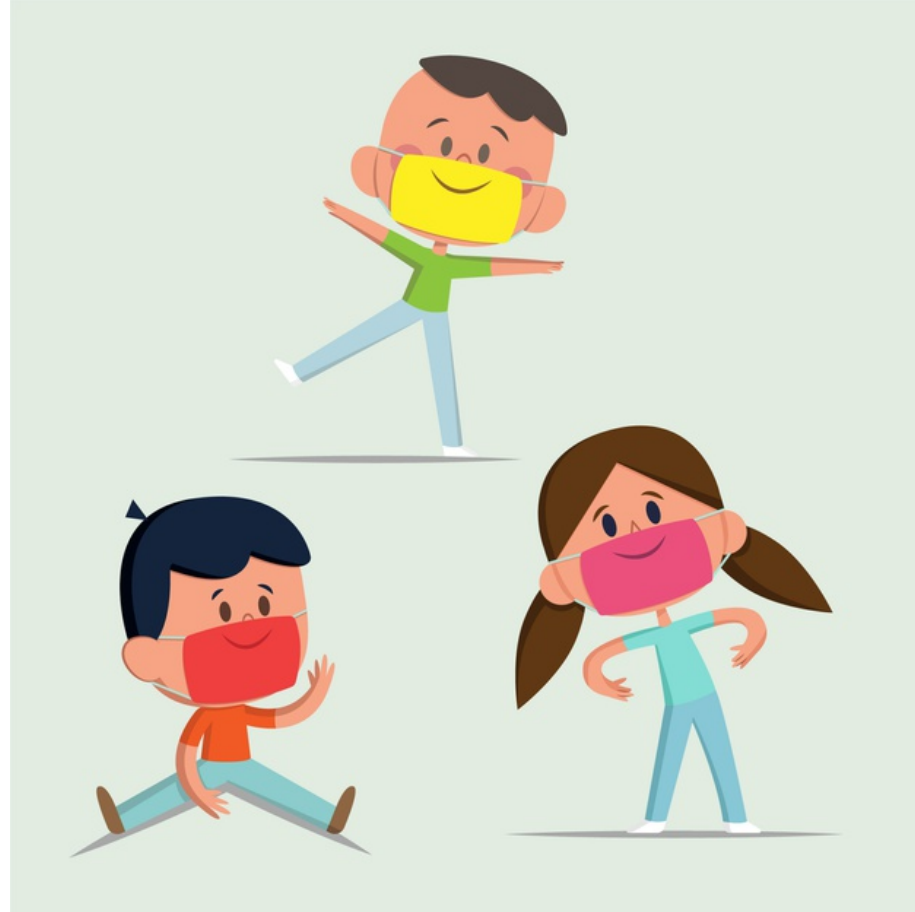

I need to make sure that my mask is always covering my nose and my mouth.

If I need help putting my mask on, I can ask my teacher for help.

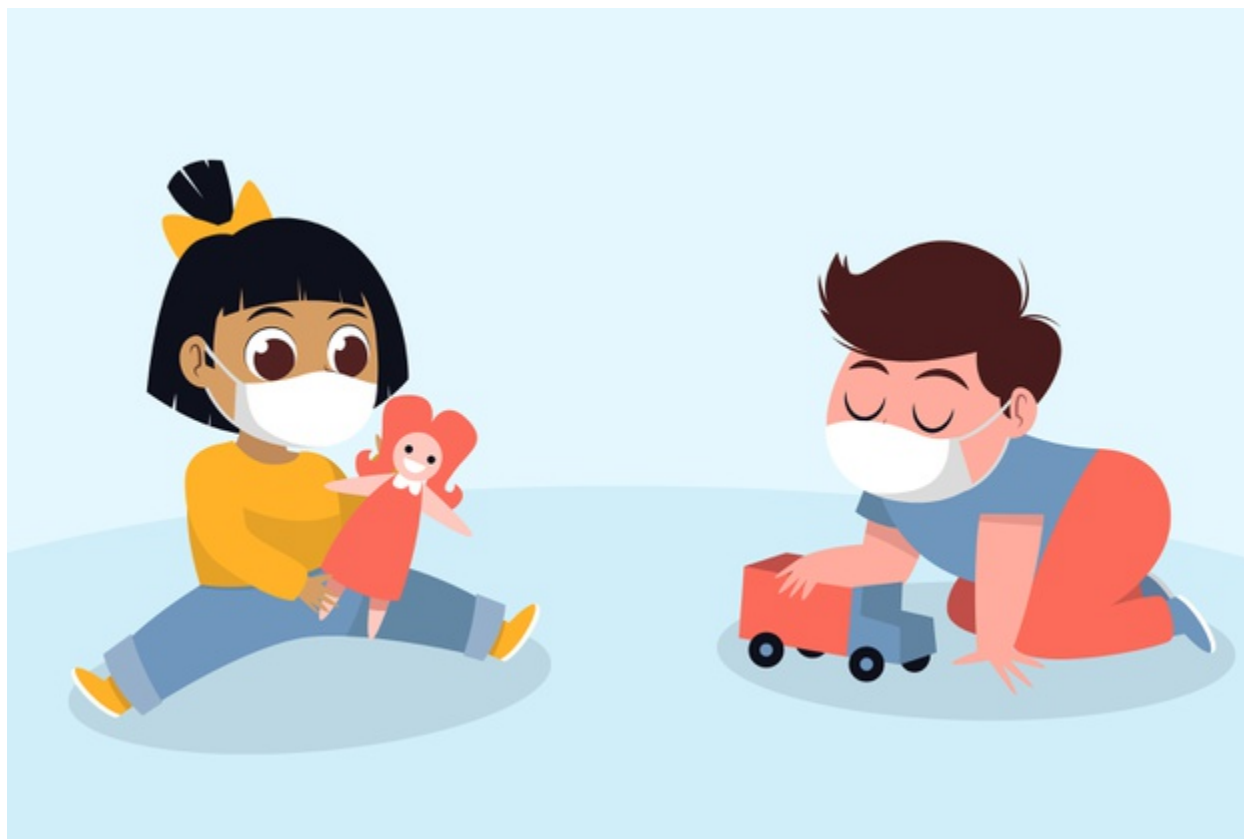

At first my mask might not feel very comfortable. But I will get used to it!

We can still have lots of fun at school with our masks on!

Wearing a mask at school is something new.

I am BRAVE and can try new things!

I am a germ fighting superhero when I wear my mask!
