

Implementing the Scientific Inquiry Domain in Early Childhood Classrooms

This five-hour online training is open to all early childhood instructors, assistants and directors. Participants will explore each component of the Scientific Inquiry Domain for ages birth to kindergarten, reflect on how children investigate the world around them, and learn how to support and encourage children in the discovery process. This training also explains how to integrate Scientific Inquiry with the other domains in the *2017 Florida Early Learning and Developmental Standards*.

- ✓ **Cost: \$10**
- ✓ **Register for the course on the Department of Children and Families (DCF) Child Care Training System: <https://training01-dcf.myflorida.com/studentsite/admin/login.jsf>**
- ✓ **Receive 0.5 Continuing Education Units (CEUs) upon successful completion of the end of course assessment.**
