# WORKING TOGETHER TO BUILD A STRONG FUTURE

**Parents are a child's first and most important teacher.** As early learning and school-age care providers on the front lines serving children each day, you support parents in preparing children for kindergarten and school success.

Early Learning Coalition (ELC) strives to meet the needs of the families and providers we serve. We have ambitious goals to improve kindergarten readiness, access to care, provider quality, early learning workforce development, and family engagement. To accomplish these goals, we must work together.

**We need your help!**

ELC is establishing a parent and provider council called the *Service Delivery Advisory Council*. The newly formed group was created to help assist us in guiding future goals and supports.

**Service Delivery Advisory Council focus areas:**

- Supports & Resources for Families
- Program Designs
- Customer Service Supports
- Advocacy Efforts

We are hoping our provider partners will help in recruiting parents to join us in this effort. If each provider could commit to enlisting at least one parent to join our council, it could help direct and grow our future efforts.

Learn more by joining us for an informational session about the Service Delivery Advisory Council on **Tuesday, November 9, 2021**, at 6:30 p.m. The session will be held via Zoom.

**Registration is required**
