

EFS Modernization Test Script

Release 3.0 – Admin Functions –
Child Care Application and Authorization (CCAA) Referral Process

Version 1.0
Date: 05/11/2018

1. Test Script Overview

Test scripts guide a tester through a series of steps designed to test the system's actual behavior against expected outcomes. Definitions for fields shown within test scripts are as follows.

TEST SCRIPT DESCRIPTION: A description of the functionality being tested from the user's point of view.

ASSUMPTION: An assumption that must be true for the tester to successfully perform a test script.

STEP: The step number.

DESCRIPTION: A description of the actions the tester should perform to complete a step.

EXPECTED RESULTS: The expected outcome of the actions described in the step's description. Testers will compare actual results against the expected results to determine whether release 3.0 functionality has passed each step.

PASS: Testers will indicate release 3.0 functionality passed a step by placing a check or X in the step's "Pass" column.

FAIL: Testers will indicate whether release 3.0 functionality failed a step by placing a check or X in the step's "Fail" column.

NOTES: Placeholder for notes recorded by the tester.

Complete the test scripts in the order in which they appear in this document. Report all issues to the OEL project team at service.desk@oel.myflorida.com.

Access Key: **@ccessU@t**

Provider Portal: <https://providerservicesbeta.floridaearlylearning.com/>

If registering as a new user, enter the following credentials and register.

Taxpayer or Provider ID: **enter bogus 10-digit number**

License/Registration/Exemption number or EXEMPT: **EXEMPT**

Coalition Services: <https://coalitionservicesbeta.floridaearlylearning.com/>

If registering as a new user, enter the following credentials.

Access user name: **ELC_Services@oel.myflorida.com**

Access password: **E@rlyle@rning**

Then send an email to service.desk@oel.myflorida.com and request account approval.

1.1. Tester Information

Complete the tester information fields in the table shown below. Field definitions are as follows:

- **TESTER NAME:** Enter your name in the space adjacent to *Tester Name*.
- **TEST DATE:** Enter the date you began testing in the space adjacent to *Test Date*.
- **PLATFORM:** Enter the platform that you are testing from.
- **BROWSER:** Enter the browser that you are testing from. The EFS Modernization will support Internet Explorer versions 10.0 and higher, and Google Chrome versions 40 and higher.
- **BROWSER VERSION:** Enter your browser's version in the *Version* row.

TESTER NAME:	TEST DATE:
PLATFORM: <input type="checkbox"/> Windows <input type="checkbox"/> Mac	
BROWSER: <input type="checkbox"/> Internet Explorer <input type="checkbox"/> Google Chrome <input type="checkbox"/> Safari <input type="checkbox"/> Mozilla	
BROWSER VERSION:	

2. Maintenance Tables

Various codes are stored in tables in the database and used throughout the system to help standardize data entry. Some of these codes can be viewed, created, or updated by users. In this section, we will review and update maintenance tables related to the CCAA process.

2.1. View the State Billing Groups

Test Script Number: CCAA-0201					
Test Script Description			Assumption		
View the billing groups maintained by the Office of Early Learning (OEL).			The user has logged into the Coalition Portal as an ELC administrator.		
<p><u>Notes</u></p> <ol style="list-style-type: none"> These values cannot be changed by the coalitions. These billing groups are used throughout the system, including on the CCAA Referral Intake form. 					
Step	Description	Expected Results	Pass (X)	Fail (X)	Notes
1.	Select Maintenance → State Billing Groups from the menu.	<p>The State Billing Groups page will be displayed.</p> <ol style="list-style-type: none"> A title is displayed for each billing group. All eligibility codes associated with the billing group are listed. A Yes/No value is displayed to indicate whether a match is required. There are no edit buttons present. 			
<p>NOTE: Proceed to the next step.</p>					

2.2. Add a Local Referring Agency

Test Script Number: CCAA-0202					
Test Script Description			Assumption		
Add a new local referring agency. <u>Notes</u> 1. Coalition users only have authorization to view this page. 2. This agency will appear in the dropdown list of referring agencies on the CCAA referral intake form when the IsActive flag is checked. Removing the check will cause the agency to be excluded from the dropdown.			The user has logged into the Coalition Portal as a coalition administrator.		
Step	Description	Expected Results	Pass (X)	Fail (X)	Notes
1.	Select Maintenance → CCAA → Referring Agencies from the menu.	The Local Referring Agencies List will be displayed.			
2.	Click the Create New Referring Agency button.	The Referring Agency - Create Record page is displayed.			
3.	Click Save .	Error messages should be displayed next to all required fields (indicated by a red asterisk).			
4.	Select the Agency Category.	The values are Coordinating Agency, DCF, WT Contracted Provider, and Privatization Provider.			
5.	Complete the form. a. Make sure all required fields have been filled. b. Enter 7 characters or less for the Authorization Code.	a. The information is saved without errors. b. The Local Referring Agencies List is redisplayed. c. The new agency appears in the list.			

	c. Place a check in the box next to IsActive. d. Click Save .	d. The Coalition ID has been added as a prefix to the authorization code.			
NOTE: End of test script. Proceed to the next script.					

3. CCAA Entry by Family

The CCAA Data Entry by Family sub-process begins when a family indicates on their SR application that they have a CCAA referral. Families that are determined to be ineligible based on the qualifying questions will be allowed to complete the application if they have a form from another agency entitled Child Care Application and Authorization. Once the application is submitted, the family will follow the normal flow of moving to the waiting list and being determined for funding.

3.1. Create an SR Application

Test Script Number: CCAA-0301					
Test Script Description				Assumption	
Complete an SR application. Indicate that the family has a CCAA referral.				The user is logged into the Family Portal. The family has never created an SR application or the previous SR application has a status of "Inactive".	
Step	Description	Expected Results	Pass (X)	Fail (X)	Notes
1.	Click the Create a new School Readiness application button.	The Prequalification Questions page is displayed.			
2.	Answer the questions in a manner that will lead to ineligibility.	a. The CCAA Question pop-up will be displayed. b. The following question appears, "Do you have a form from another agency titled Child			

		Care Application and Authorization?”			
3.	Select Yes and click Continue .	<ul style="list-style-type: none"> a. The message “Based on what you told us, your household may be eligible to get help paying for child care services” is displayed. b. The Apply for School Readiness button is displayed. 			
4.	Click the Apply for School Readiness button.	The Introduction and Instructions page of the school readiness application is displayed.			
5.	<p>Complete the SR application.</p> <ul style="list-style-type: none"> a. Enter information on the Parent Profile, Additional Information, and Contact Information tabs. b. Enter information on the Child tab. c. Complete the Others and Other Income tabs as you choose. d. Attach documentation. e. Proceed to the Review Application tab. 	<ul style="list-style-type: none"> a. Each page is displayed as expected. b. In the Additional Information section for the parent, “Yes” is selected for the question “do you have a form from another agency titled Child Care Application and Authorization? “ c. 7.	Set the EVR Status to “Active” and click Save .	The household status is updated to “Active”.			
NOTE: End of test script. Proceed to the next script.					

4. CCAA Data Entry by Coalition

The CCAA Data Entry by Coalition feature is used in situations where the ELC receives a referral document from a referring agency on behalf of a family that does not have a profile in the EFS Modernization system. This is most common in At-Risk referral cases. However, this functionality can be used in any CCAA Referral scenario to create a household and assign eligibility for referred children and families.

4.1. Complete the CCAA Referral Data Intake Form

Test Script Number: CCAA-0401					
Test Script Description			Assumption		
Enter the details of a CCAA referral data intake in order to create a Household record and Eligibility Verification record for a family that did not submit an SR Application.			The user is logged into the Coalition Portal. At least one local referring agency has been created.		
Step	Description	Expected Results	Pass (X)	Fail (X)	Notes
1.	Select SR Program → SR Eligibility → CCAA Referral → Create CCAA Referral from the menu.	The Create CCAA Referral – Intake Form is displayed.			
2.	Click the Continue button.	Error messages should be displayed next to all required fields.			

EFS Modernization Release 3.0 Test Plan and Test Scripts
