

III. QUALITY ACTIVITIES AND SERVICES

D. Quality Improvement Strategies

Describe the quality improvement strategies the coalition will use as part of the program assessment Quality Improvement Plan.

The coalition supports the use of research-based coursework designed to promote effective teacher child interactions and consequently affect positive child outcomes. Providers who are placed on a Quality Improvement Plan must enroll in one of the following strategies:

1. MMCI Training (priority strategy)
2. Early Childhood Training System (ECTS) Courses
3. Professional Development
4. Certified Coaching Visits
5. 20-hours of IACET- or OEL-approved training

Providers must substantially complete the identify strategy in accordance with Exhibit 3 of the SR Contract.

Please attach the coalition's policies and procedures as Attachment III.D.
